

Call for papers

Extended deadline: 6th May 2018

2nd REECAP workshop, Vienna on 26th-27th September 2018

The Research-network on Economic Experiments for the Common Agricultural Policy (REECAP) is a EU-wide informal consortium created in 2017. The objective of this workshop is to strengthen and enlarge the REECAP community of researchers and experts. We will welcome contributions showcasing how experimental approaches (lab and field experiments, discrete choice experiments, randomized controlled trials) can be mobilized to improve ex-ante and ex-post evaluation of agricultural policy-related measures. We are also interested in contributions from neighboring fields to learn from their experience (environmental economic, development economics, ...).

We welcome abstracts for oral presentations and outlines for 1.5h workshops. The **deadline for submission** of abstracts & workshop outlines has been extended and is now **6th May 2018**. [Templates](#) are available on the REECAP webpage.

On top of presentations, workshops and group activities we are pleased to inform you that several exciting **keynote speeches** are programmed.

- **Florence Buchholzer**, DG AGRI Directorate C "Strategy, simplification and policy analysis", European Commission
- **Malika Kacimi**, Fond d'Expérimentation pour la Jeunesse, Institut National de la Jeunesse et de l'Education Populaire INJEP, France
- **Kent Messer**, Center for Behavioral and Experimental Agri-Environmental Research and University Delaware, USA
- **Franz Sinabell**, Austrian Institute of Economic Research
- **Axel Sonntag**, Insight-Austria and Vienna Center for Experimental Economics
- **Sophie Thoyer**, REECAP and Montpellier Supagro, CEE-M, France

Please visit www.reecap.org for more information on the network and [program](#) for the workshop.

This event is open to any person interested in REECAP activities (no need to have participated in previous activities or to present own work). Do not hesitate to circulate the information in your network.

The organizing committee: Riccardo D'Alberto, Marie Ferre, Elisabeth Gsottbauer, Kati Häfner, Luka Juvančič, Jorie Knook, Laure Kuhfuss, Marianne Lefebvre, Ulrich Morawetz, Raphaële Préget, Meri Raggi, Jens Rommel, Fabian Thomas, Sophie Thoyer, David Viaggi, Matteo Zavalloni.

The workshop is jointly organized by REECAP, Austrian Society of Agricultural Economics (ÖGA), University of Natural Resources and Life Sciences Vienna (BOKU) and the Alexander von Humboldt-Professorship of Environmental Economics at the Institute for Environmental Systems Research at Osnabrück University (IUSF).
