

Location	Lecture room E02	Seminar room E05	Seminar room 101
08.30am - 09.00am	Registration		
09.00am - 09.45am	Keynote 1: Emergency readmissions to hospital: a good measure of health system performance? P. Smith		
10.00am - 11.00am	Parallel Session 1a: Provider behaviour <i>Explaining variations in health care expenditures – What is the role of practice styles?</i> A. Ahammer <i>Antibiotic prescriptions as an unintended consequence of physician competition: Evidence from England</i> S. Panthoefer <i>Pharmaceutical policy measures in European countries during the global financial crisis</i> N. Zimmermann Coffee	Parallel Session 1b: Access in different settings of care <i>Fairness and eligibility to home care services for dependent elderly: An analysis of inequality of access to long-term care in Europe</i> S. Illica <i>Do hospital discharges rates indicate need for treatment or interest of owners? Lessons learned from the CEPHOS-Link project in AUT, ITA and SLO</i> M. Berger <i>Access to health care and socioeconomic status: A study of Polish migrants in London, England and Edinburgh, Scotland</i> R. Nartowski	Parallel Session 1c: Theoretical models <i>Towards a feminist economic theory of the care firm</i> B. Fuchs <i>Medical care within an OLG economy with realistic demography</i> M. Kuhn <i>Optimal contracts with personalized medicine</i> S. Nzale 10.00am - 11.00am
11.15am - 12.15pm	Parallel Session 2a: Methodological issues in studies of the hospital sector <i>20 years of studies on technical and scale efficiency in the hospitals sector: A review of methodological approaches</i> M. Giancotti <i>International price comparisons in the hospital sector: A discussion on EUROSTAT's new Purchasing Power Parity methodology</i> L. Lepuschuetz <i>Are we comparing apples with oranges? The pitfalls of international comparison of hospital discharge rates and length of stay derived from routine health care data</i> C. Straßmayr	Parallel Session 2b: Current issues in Austria <i>Economic evaluations and unit costs within the Austrian health care system: A systematic literature review</i> S. Mayer <i>Epidemiology, economic burden and quality of life associated with mental illnesses in Austria – A systematic literature review</i> A. Łaszewska <i>Regional variations in hospital admissions due to ACSC in Austria: An exploration of the socioeconomic gradient on preventable health care</i> A. Renner	Parallel Session 2c: Morbidity and health expenditure <i>Hochkostenfälle im Morbiditätsbasierten Risikostrukturausgleich (Morbi-RSA)</i> F. Buchner <i>Avoidable costs of stenting for aortic coarctation in the United Kingdom: An economic model</i> M. Salcher <i>Morbidity evaluation and preventive medicine evaluation based on and dynamic methods in the DEXHELPP setting</i> G. Zauner 11.15am - 12.15pm
01.15pm - 02.00pm	Lunch		
02.15pm - 03.15pm	Keynote 2: TBA L. Sundmacher Parallel Session 3a: Current issues in health policy <i>Entwicklung und Umsetzung von Methoden zur Entscheidungsunterstützung im österr. Gesundheitssystem – Das Comet K-Projekt DEXHELPP</i> N. Popper <i>Hospital payment systems, conflicts of interest, and institutional corruption: The Austrian case</i> M. Sommersguter <i>Same problem, same solutions? – A survey of initiatives to reduce polypharmacy</i> P. Schneider	Parallel Session 3b: Primary and ambulatory care <i>Efficiency in the delivery of primary healthcare services: A longitudinal analysis</i> R. Bastião <i>When communities participate in primary health care: A randomized controlled trial of a community health worker program in the Philippines</i> R. Hoffmann <i>Rural-urban disparities in physician (under-)supply in the German ambulatory care sector: Determinants, impact on health service utilization and implications for health service planning reforms</i> L. Schang	02.15pm - 03.15pm
03.45pm - 04.45pm	Coffee Parallel Session 4a: Health and human resources <i>Health and skill formation in early childhood</i> P. Biroli <i>Cutting fertility? The effect of cesarean deliveries on subsequent fertility and maternal labor supply</i> H. Mayr <i>Economic crisis and health: Evidence from the "sick man of Europe"</i> S. Ghislandi	Parallel Session 4b: Long-term care <i>Home sweet home? Public Financing and Inequalities in the use of home care services in Europe</i> S. Orso <i>Medical services for nursing home residents – The economic perspective</i> M. Zuba <i>Examination of the impact of environmental factors on efficiency in the nursing homes sector in Ireland. Application of a double bootstrap DEA approach</i> S. Ni Luasa	03.45pm - 04.45pm
05.00pm - 06.00pm	Parallel Session 5a: Expenditure on pharmaceuticals <i>Relevance and economic consequences of medicine waste in Vienna: Analysis of a household garbage sample</i> R. de Rooij <i>The impact of new Hepatitis C medication in Austria on epidemiology and budget – A microsimulation model</i> J. Zsifkovits <i>Österreichs Heilmittelkosten im niedergelassenen Bereich, Dynamik 2005 bis 2015</i> M. Hinteregger	Parallel Session 5b: A macroview on healthcare systems <i>Improving indicators for monitoring health system performance</i> N. Perić <i>Controlling health care spending via expenditure targets in Austria</i> H. Ostermann <i>The Economic Footprint of the German Health Economy</i> M. Schwärzler, B. Legle	05.00pm - 06.00pm
