

EURO 199: EU AND US CLIMATE CHANGE MITIGATION

taught by
Felix Ambros &
Marie-Sophie Attems

Climate change
mitigation is surging.
Will it be enough for
what we need by 2030?

OBJECTIVES:

- Familiarity with UNFCCC Paris Agreement mechanisms
- Assessment of relevant EU and US executive, legislative, and judicial action
- Understanding of mechanisms to mobilize investment capital
- Knowledge of climate change mitigation accountability tools and their use
- Ability to participate in climate change mitigation academically, professionally, and as engaged citizens

LEARN FROM RENOWNED EXPERT GUEST SPEAKERS!
